Hollandsworth Construction, LLC
1326 Ewing Chapel Road
Dacula, Georgia 30019

To Whom It May Concern:

Hollandsworth construction has been working with our hospital for 2 years. During that time they have completed over 50 different projects for us. They have always come in on schedule and never over budget.

Their team always works very hard and their work is always of the highest quality. They help us from the first stages of planning to the last steps of the construction. We are happy to call Hollandsworth construction a partner.

We would recommend them to anyone needing a quality and reliable general contractor.

Sincerely,

Persaud Rudolph
Director Facility Operations
