We are highly satisfied with our new office space and are looking forward to moving into our new office on May 1, 2015.

We greatly appreciate the timely manner in which you undertook our office renovation project and the quality finished result. We are especially appreciative of Kevin Cheer's dedication and the ownership with which he took on our renovation project. Kevin's detailed project status reports have been very informative and kept us in the loop in regards to the project progress/timeline. His flexibility to meet our needs has been most helpful in achieving very satisfactory end result. His positive attitude, attention to detail, and willingness to do go above and beyond his job scope in order to ensure timely completion of the renovation was a good testament to his dedication to the given assignment.
