RE: Office Build Out

Ryan:

Thank you so much for the excellent job your company did on our office build out. The crew was hardworking and very friendly. Kevin was wonderful to work with; he was attentive to all my requests, and kept things moving so well that our project was completed in 12 business days – much sooner than we anticipated!

The space looks amazing, and our entire staff has been complimentary on how it turned out. The new offices look like they've always been there – and the orange walls are a hit.

I would recommend your company to anyone needing commercial renovations or improvements. We look forward to having you complete future projects in our building.

Sincerely,

Kelley Harshman
Assistant Manager, Administration
